Lindley Park Church

**Gathering to  
worship, departing  
to serve.**

Find out a little about what we're all about ...  
and just where you can plug in right away.  
Welcome to the community we call home.

The Gift-Based Team Ministry: Your Place of service

# Gift-Based Team Ministry

The best teams are the ones that are able to identify their strengths and utilize them most effectively. That's our goal at Lindley Park Church. We want to help you find your strengths and then give you an opportunity to use them in ministry.

There are established teams that you can plug into and get right to work, or if you prefer, we can help you begin a new ministry. We are reminded in I Corinthians, *"12: The body is a unit, though it is made up of many parts; and though all its parts are many, they form one body."* Welcome to the body of Christ; His church.

**The Arts Team**, as you might imagine,

concerns itself with music...but that's not all. For generations people have used the arts to tell stories and Lindley Park Church is no exception. We've a story to tell and you can help us tell that story.

**The Bereavement Team** goes into action when there is a death or critical illness in the church or community. Their goal is to make a difficult time a little easier to take. If you want to help support these persons in need, this can be your place of service.

**The Children & Youth Team**

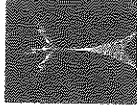

concerns itself with being an advocate for the young people of our church. They are a most valuable asset, and we want to make certain they are well cared for.

**The College Connection Team** works to interact with college students from Lindley Park who are away at school and students who are attending local colleges. It's a critical time of need in their lives. If you enjoy working with young people, this might be the place for you.

**The Communication Team** needs people that have good organizational skills and have a way with words. The more people that know our story, the more people can hear God's story

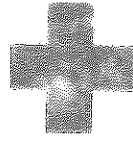

**The Connect Team** doesn't want anyone to 'fall through the cracks.' This team is always on the lookout for members who have strayed and might need someone to re-connect with them. Prospective members are welcomed warmly and encouraged to visit again... and again. If you have an eye for detail, enjoy telephoning and writing notes, and like people, we could use your help.

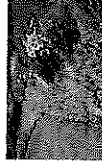

**The Disaster Relief Team** When disaster strikes, God's people need to be ready to react. This team is part of a nation-wide team already in place that acts fast, responsibly, and with precision. If you like to help others and have basic building skills, you can help us.

**The Hospital Visitation Team** makes certain that those who are in the hospital are well taken care of. When your life is disrupted by hospitalization you need support, and this team is designed to do just that.

**The Landscape Team** makes certain that our shrubs and flowers are well maintained and beautiful for the season. If you enjoy pruning, planting and weeding, this team is designed to do just that.

**The Missions Team** is concerned with missions on the worldwide, state, and local levels. They are always seeking ways of doing missions, and work to educate the church about ongoing ministries and opportunities. Some of their projects include Operation Christmas Child and Operation Inasmuch. If you have a heart for mission, the Missions Team has a place for you to serve.

**The Prayer Team**, as you might imagine, is a team that focuses on prayer for our church, its members, and others that come to our attention. If you consider yourself a prayer warrior we could certainly use you on our team.

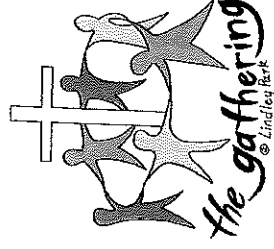

**The Properties Team** gives those who are handy with tools the opportunity to keep our facilities and grounds in good repair. There are always things that need "fixing" at the church and also in the homes of our members who might not have someone to help them. Like to help people? This is the place for you.

**Senior Citizens**

**The Seniors and Shut-Ins Team** recognizes that much of our heritage was forged by those who are no longer able to attend church. We do not want to forget them. They have given so much, and deserve so much in return. If you enjoy working with seniors and have a passion for keeping their heritage alive, this might be the place for you to serve.
